

### [Call for Testbed Projects, November 2015 Testbed RFP](#) [1]

**The ESIP Products and Services Committee here announces the November 2015 call for Testbed projects.** Projects for this call should focus on innovative and collaborative implementation of new ideas and technologies, in keeping with the strong tradition of Testbed projects pursued in the past. ESIP works through the Testbed to provide resources to support such projects throughout the project lifecycle.

Proposals may be submitted by any ESIP organization, an individual within such an organization, or a team of such individuals. Civil servants are restricted from receiving ESIP funds. Proposals may be submitted during and up to the consideration deadline, in this case, **December 1, 2015**. Proposals are reviewed on a first-come basis; there is no guarantee that a project will be funded but one's chances are better if submitted early.

Details about how to propose are in the attachment below. Feel free to send questions to the Testbed Configuration Board at [tcb@esipfed.org](mailto:tcb@esipfed.org) [2].

We're looking forward to some great projects from you all!
